[PHOENIX] – The Arizona Registrar of Contractors' (ROC) Industry Advisory Council wants to showcase the community service work performed by members of the state's contracting industry. Whether it's fund raising for a worthy cause or brick-and-mortar projects for community-serving non-profit organizations- licensed contractors, subcontractors, associations and associates are encouraged to submit nomination for the 4th Annual Building Blocks of the Community Awards.

"This unique program honors the licensed contracting industry for its charitable contributions," says Fidelis V. Garcia, ROC Director. "The Building Blocks of the Community Awards recognize the positive impact licensed contractors make in our state, and their efforts to help Arizonans in need."

The ROC's Industry Advisory Council will name the 2008 Building Blocks of the Community recipients at a banquet Saturday, September 6, 2008, at the Arizona Grand Resort. The premier sponsor of the event is ASU Del E. Webb School of Construction.

"The Del E. Webb School of Construction is pleased to sponsor this year's Building Blocks Award event. The construction industry has a wonderful tradition of philanthropy in Arizona. The volunteer projects exemplified by the Building Blocks Awards are profoundly inspirational and key examples of our social ties with the Arizona Community. A guiding principle of the School has always been a student focused education that instills in every Del Webb graduate the importance of charity and sharing ones time, treasure, and talent with those less fortunate. The Building Blocks Award Banquet is the perfect embodiment of that principle and we look forward to another great evening of celebration with our construction friends and colleagues," added James J Ernzen, Ph.D., P.E., Director of ASU's Del Webb's School of Construction.

Award nominations will be accepted through Friday, May 23, 2008, at the ROC office located at 3838 N. Central Ave. Suite 400, Phoenix, AZ 85012-1946. Nomination forms can be obtained online at www.azroc.gov or by calling the ROC at 602.771.6700.

ADD 1-1-1/Building Blocks of the Community

Last year, 8 licensed contractors, subcontractors, associations and associates were honored during the Building Blocks of the Community Awards. These statewide community projects included support for the Craycroft Elementary (Tucson), the National Association of Women in Construction (Phoenix), the Institute of Construction (Tucson), Rosendin Electric (Tempe), Sturgeon Electric (Flagstaff), Sundt Construction (Tucson), Hunter Contracting (Gilbert) and Chestnut Construction Company (Tucson).

Monetary and in-kind sponsorships are available for the event. Building Blocks of the Community sponsors receive exposure to the thousands of members of Arizona's contracting community through pre-event marketing and at the banquet. For more information about the event, sponsorships and nominations, contact Frankie Jo Rios at 602.771.6700
